

Manufacturing and Product Development

Local Market Information for IMPERIAL · RIVERSIDE · SAN BERNARDINO · SAN DIEGO COUNTIES and State of CA

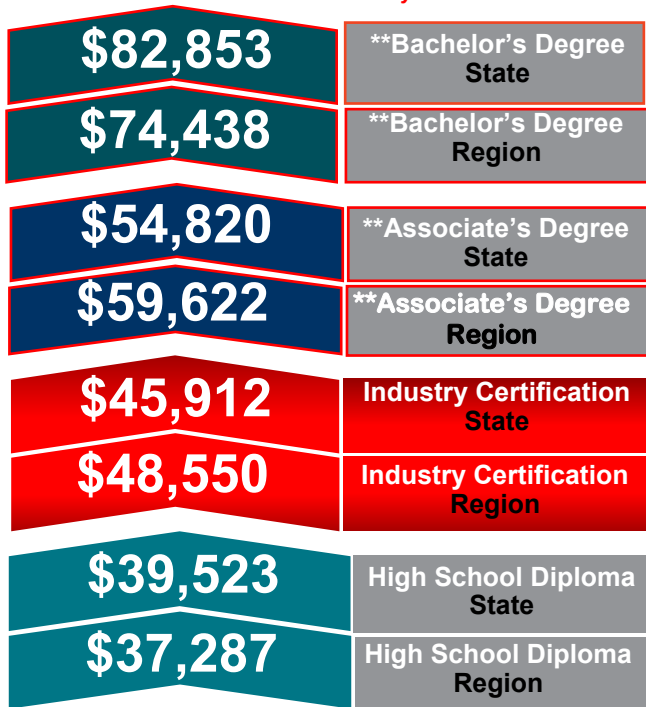

The Manufacturing and Product Development

sector provides a foundation for secondary students in California in manufacturing processes and systems, including graphic design production, machine tooling and forming, welding and materials joining, and product innovation and design. Students engage in an instructional program that integrates academic and technical preparation and focuses on career awareness, career exploration, and skill preparation in four pathways.

**** Industry Certification + Education**

The MORE you LEARN... the MORE you EARN!

Not all occupations require a college degree.
